

STATE BOXING LAW NOT IN DANGER, SAYS STATE'S CHIEF EXECUTIVE: PENN STATE DEFEATS WASHINGTON 21-7, SPRINT RACES IN GARDEN

Gov. Miller Declares He Is Satisfied With Boxing as It Is at Present Conducted

Executive Expresses Confidence in Boxing Commission and Says He Will Sustain Them in Their Good Work—Has No Thought at Present of Putting Racing and Baseball Under State Control.

By CHARLES F. MATHISON.

Gloomy assertions to the effect that the Walker boxing law was to be repealed at the next session of the Legislature, as Gov. Miller was tired of the squabbles of certain boxing managers and promoters, were yesterday shown to be without foundation when the Chief Executive of the Empire State announced that he was satisfied with present conditions and had no intention of interfering.

Gov. Miller submitted to an interview at his apartments in the Hotel Plaza and answered a volley of questions fired at him by reporters inquisitors. The Governor's answers to the queries will be very pleasing to the patrons of boxing, and especially gratifying to William Muldoon, chairman of the Boxing Commission, and to his associates.

Gov. Miller expressed confidence in the Boxing Commission and declared that in his opinion the sport was being conducted in a clean and unobjectionable manner. The Governor witnessed one set of bouts at Madison Square Garden and declared that so far as he could see the contests were on the level.

Will Sustain Commission.

The Chief Magistrate declared emphatically that he had confidence in the Boxing Commission and that he would not interfere with them. On the contrary, he said, he would sustain them, as he believed they were doing all in their power to conduct the sport with decency and honesty.

Gov. Miller's statement will be a severe blow to the proposed Boxing Managers Association, which appears to have been organized with the expectation of overturning the present commission. Many of the members of the association have openly declared they would not permit their men to box in this State until such time as the present laws were amended to suit them.

Another important statement made by the Governor was to the effect that he had no intention of taking action to bring other sports, such as racing, baseball, etc., under State control, and had no thought of any movement for a tax on Sunday baseball.

The Governor took a rap at commercialized sports and said they tended to develop undesirable citizens.

When the Governor received his interviewers they asked questions and received answers as follows:

No Serious Weakness in Law.

"Have you had any opportunity or have you gone into the matter of studying how the new boxing and wrestling law is working with the idea of deciding whether or not changes are needed in it or repealing it?"

"Well, I have been following the work to some extent. Of course it has hardly been given a thorough trial yet. Whether it needs any substantial amendments or not I am not certain. I should have drawn it differently than it was drawn, if I were enacting it anew, in some respects, but they are not of great importance. For example, the Athletic Commission and the Licensing Commission, I would have only one, and in fact only had one in mind then, as I suspect of the same measure to both. I do not know that any serious weaknesses have been discovered in the law."

"Do you contemplate bringing any other sports under the jurisdiction or control of this commission?"

"No, I think that they had best regulate the sports that they are dealing with now instead of taking in others. Would you take in baseball?"

"No."

"Have you given any thought since last year to the proposition that was advanced quite often during the last Legislative session of a tax upon Sunday baseball?"

"No."

"Manager Curley has not seen you recently, has he?"

"I do not even know him."

"Some of the sporting boys had an idea that he had gone up last week to Albany to see you."

"Who is Curley?"

"A wrestling manager."

Commission to Run Itself.

"There were some gentlemen who did see me who came to talk with me about him, and I referred them to the commission. I am sure they are the best way, and they have my unbounded confidence. They are going to have my support. I shall not interfere with what they do, but I shall stand behind them in what they do, and I take for granted that they are bound to do things in many quarters that will be unpopular."

"What about the things that are done, Governor, in the interest of the public, in enforcing the public against impositions on the sporting lines?"

"Exactly, in the effort to have clean boxing, decent sports, and so on."

"You saw one boxing bout?"

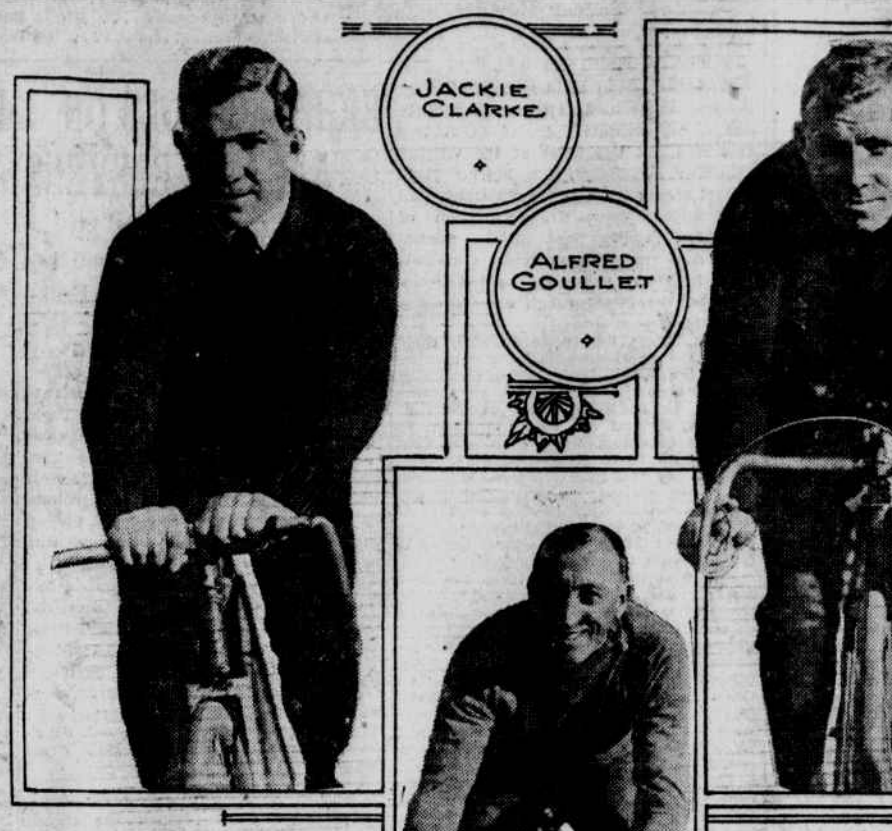

"Since I have been Governor."

"Yes, since you have been Governor. As a result of that, did you see anything that would require any legislative enactment?"

"I saw nothing objectionable."

"In the books I saw there was nothing objectionable, and to my mind there was nothing that anybody need hesitate to

Stars Ready for Six Day Grind at Garden

MAGIN NEAR DEATH IN FALL ON CYCLE

Veteran Six Day Rider Has Nasty Spill in Garden—Fast Racing.

By HENRY W. KING.

Jack Magin, the veteran six day bicycle rider, had a miraculous escape from death during the preliminary sprints of the six day bicycle race at Madison Square Garden last night. While competing in the second heat of a one mile professional race he went through the rail and over the twenty-five foot embankment on the Madison avenue side of the track. Without losing his seat on his wheel, he dived 20 feet through the air and landed on the concrete entrance to the foyer. More than 10,000 fans saw the accident and all believed he was killed or seriously injured. But to the surprise of all he arose instantly and inquired about his wheel.

Dr. Henry, the track physician, and several physicians in the audience, hurried to his side and a minute examination showed that no bones were broken and that he had received only extremely slight bruising. He added, however, that the shock might cause illness.

Magin listened to the remark about the shock and declared it was bunk and that he would be among the starters in the six day grind which begins this midnight.

W. & J. TOO STRONG FOR DETROIT TEAM

Battle of Unbeaten Eleven Brings Victory for Easterners by 14 to 2.

Special Despatch to THE NEW YORK HERALD.

DETROIT, Mich., Dec. 3.—Washington and Jefferson, a football team kept its record unblemished this afternoon when it defeated Detroit University's husky eleven, hitherto unbeaten, in a post-season engagement by 14 to 2. The Pennsylvanians made two touchdowns and kicked both resultant goals, one coming in each of the first two periods.

THORPE'S FOOTBALL 'PROS' BEAT LOCALS

Cleveland Tigers Win Over Charley Brickley's Giants by 17 to 0.

By DANIEL.

There is football—and there is football. After you have had lunch at the Ritz, dinner at the Busy Bee is more than likely to give your palate a terrific jolt. In the wake of a slashing season of brilliant intercollegiate football the professional affair at the Polo Grounds yesterday was in the nature of a lackluster, homesome anticlimax. About 5,000 customers turned out, and in a game which was punctuated only too seldom with interesting developments, Jim Thorpe's Cleveland Tigers defeated Charley Brickley's New York Giants by 17 to 0.

Harvard Announces Tentative Schedule

CAMBRIDGE, Mass., Dec. 3.—The Harvard varsity football schedule for next fall, as tentatively drawn up, was announced by Major Fred W. Moore, graduate manager of athletics, today. It follows recent indications, with Centre College and Penn State holding the big mid-season dates again. Their order has been reversed, however. Centre playing on October 21 instead of October 28, as first proposed. The schedule follows: September 30, double header, with Middlebury College as one of Harvard's two opponents. October 7, Holy Cross; 14, Bowdoin; 21, Centre; 28, Penn State; November 4, pending; 11, Princeton; 18, Brown; 25, Yale. All games will be played here except the Yale, which next year will be at New Haven.

BIG THREE SEASON MADE WEEK LONGER

Yale-Harvard Will Play on November 25, Conflicting With Army-Navy.

Special Despatch to THE NEW YORK HERALD.

PRINCETON, N. J., Dec. 3.—According to the Princeton football schedule for 1922, issued by the athletic association this evening, the Big Three series next year will be started a week later than has been the custom, and of course, will be finished a week later than usual.

It will be Princeton against Harvard on November 11 at Cambridge, Princeton against Yale on November 18 at Princeton and Yale against Harvard in the Yale Bowl on November 25.

There was a conflict between the Yale-Harvard game and the Army-Navy contest some years ago. Lengthening the Big Three season by one week will bring about a conflict between the Harvard-Yale game and the Army-Navy battle. The service eleven always meet on the last Saturday in November, and in 1922 that will be November 25. It does not seem likely that the West Point and Annapolis officials will hold their game over until December 2. They never have played in December.

Move Game Back.

The Princeton-Chicago game, which has been regarded as certain for October 21, has been moved back a week and will be played at Chicago on October 28.

The Princeton schedule includes eight games, more than last year, and an innovation in the Orange and Black policy—Princeton has been convinced of the necessity of an earlier start in football.

The Navy is the only team which this fall which is not on the 1922 schedule, while two new teams appear in Johns Hopkins and Maryland. It was with regret that Princeton officials learned that the Navy was not to appear.

Swarthmore, which has had the opening date for the last two years, is moved to a position just before the Harvard game at Cambridge, while Johns Hopkins and the other newcomers get a late start.

With the opening game on September 30 it is now regarded as certain that Bill Roper will carry out this plan of starting practice earlier in September than has been the custom. The poor condition of the Orange and Black during the first two games of the season just past is thought to have been due to their late start.

The only two games to be played away from home will be the Chicago contest at Chicago, and that with Harvard at Cambridge.

No game was made with regard to coaching plans, but it is regarded as sure here that Roper again will lead the staff, and Kene Fitzer, athletic director, as assistant and trainer. The schedule follows:

September 30, Johns Hopkins; October 7, Virginia; 14, Colgate; 21, Maryland; 28, Harvard; November 4, Swarthmore; 11, Harvard at Cambridge; 18, Yale.

Two Colgate Football Teams Play Scoreless Tie Game

Special Despatch to THE NEW YORK HERALD.

HAMILTON, N. Y., Dec. 3.—Colgate freshmen broke the long string of sophomore victories, over freshmen of the past, when the annual gridiron game held on Whitfield Field this afternoon resulted in a scoreless tie.

Stars in the thrilling eleven, which made 8 first downs, were: Roder, a 200 pound centre of Flushing; Wheaton, former Poly Prep, fullback; Rosen, foot fullback from Montclair, and Stoughton, former All-New England intercollegiate guard from Worcester Academy; Snow and Hustis, former White Plains stars, and Warren and MacRae, guards from Brooklyn, played exceedingly well for the sophomores.

Secretary Denby Sends Navy Congratulations

ANNAPOLIS, Md., Dec. 3.—The following is an extract from a personal letter from Secretary of the Navy Denby to Rear Admiral Henry B. Wilson, Superintendent of the Naval Academy, congratulating the midshipmen over the victory in the Army-Navy football game at New York last Saturday.

"Will you please tell them how glad the whole naval establishment is that they won and won so cleanly and well. The Army gave us some thrills and certainly proved a team worthy of our steel, but we won. Congratulate the men, please, for me most heartily."

PENN STATE BEATS WASHINGTON, 21-7

Killinger Is Individual Star of Game Played Under Ideal Conditions.

SMASHING SPECTACULAR

Thirty-five Thousand Gridiron Fans See Bezdek's Nittany Lions Win.

Special Despatch to THE NEW YORK HERALD.

SEATTLE, Wash., Dec. 3.—Those raging Nittany Lions of Pennsylvania State College, headed by the greatest back the Northwest has ever seen in action, romped and tore through the University of Washington at the latter's stadium here today for a 21 to 7 victory that brought Hugo Bezdek revenge in ample proportions for the many defeats Washington handed him when he coached the Oregon team for several years.

That great back was Killinger, the marvel quarterback of the Keystone State team. His amazing feats of today will live long in the minds of the 35,000 fans who packed the stadium to see the Eastern team in action. It was inhuman the way he smashed, ripped and tore through the Washington line, the way he circled their ends and threw forward passes with all the accuracy of a baseball throw after time. Whatever chance the Washingtonians had was burned to cinders by his astonishing brilliance, and the game itself will go down in history as a classic.

As Washington had been defeated by California, coast champion, by the big score of 72 to 0, it was expected that the home eleven would give the Penn State team a real fight.

But of Washington it must be said that they showed the present season have they showed anything great and great playing they uncorked to-day. Time after time only the most heroic of stands held back Bezdek's warriors after Killinger, bearing the three-fourths of the burden of the State team, had put his team within scoring distance.

Killinger the Hero.

It was Killinger who was responsible for every Seattle touchdown. Though he did not register one of them. In the first period his runs took the ball to the Washington 30 yard line and Knabbs, after Killinger, bearing the three-fourths of the burden of the State team, had put his team within scoring distance.
